E-government how much do you know?

Self-assessment

	never I find it very hard	rarely I find it quite hard	sometimes I find it normal	usually I find it quite easy	always I find it easy
I use the PC for basic things					
I am confident in using my phone					
I know how to browse the different digital administration platforms					
I know how to check taxes online					
I know how to develop/monitor my digital identity					
I know how to check my pension plans online					
I have my digital signature ready					
I have my e-ID card					
I have my Digital Identity					
I know the different electronic payment systems that public authorities have in our					

country/region/etc. provided by the government					
I find our local/regional government's online system simple to pay taxes					
I normally pay taxes or fines through online platforms					
I have to ask my acquaintances or family to take care of online payments					
I can use QR codes without problems					
I can check my electronic files on my mobile
